New Offshore Oil Well To Be Drilled In Hancock County During Coming Year

BY JIM SHARP
(Echo Special Correspondent)

Jackson, Miss., Jan. 4—A new offshore oil well will be started in Hancock County during 1954, it was revealed today.

H. M. Morse, a member of the State Mineral Lease Commission, told the Sea Coast Echo that he expects drilling also in the county proper.

The fact that no oil has yet been found in Hancock County doesn't mean there's none there, he said.

"Eight dry wells certainly do not condemn a county. They've just been drilling where it's not. Just a few miles away in Louisiana, production has been established at the mouth of Lake Borgne."

The offshore well was drilled jointly by the Gulf Refining Company and the Melben Oil Company.

It was considered significant here that last year, before the expiration of the leases on the offshore lands held by the two companies expired, they were renewed. The leases are for \$80,000 annually.

Oil men, who would not be quoted by name, said that "these companies would not have retained the leases had they not thought the structures they found justify belief there is oil and gas in the lease areas."

And Morse stated: "They'll probably be drilling again by the end of the year. The same holds true in the county proper."

Another state executive said, "We feel there's a big structure in the county where the wells have been drilled but that the drillers haven't hit them just right. Sand conditions are the same as those which have proven productive in other parts of the state."

Gulf-Melben completed their offshore well near Clermont Harbor about 10 months ago before the leases were renewed. Drilling was halted at approximately 10,000 feet. It was noted that despite the fact no oil was found that the firms obtained valuable information regarding the geological structures beneath the offshore waters.

The greatest number of wells drilled in Hancock, five, were by the Sun Oil Company, which holds leases on virtually the entire western half of the county.

Several other Sun Oil wells were drilled in the period 1951-53. The first well drilled in the county was put down by Gulf Refining in 1934, while the eighth well was drilled in 1937 by the American Sulphur Company.

No. 4-Lanes To N. O. For A While

By JIM SHARP

(Echo Special Correspondent)

Jackson, Miss., Jan.—14 The Mississippi Highway Department is aware that U. S. Highway 90 west of Bay St. Louis carries, or soon will carry, enough traffic to justify a four-lane highway.

But other portions of the highway are in more urgent need of improvement or rebuilding and these needs must be met first, R. A. Harris, chief engineer of the department, reported here.

"And their simply isn't sufficient money to meet all of these needs, even the more urgent, at once," Harris stated.

He said that so far as the coastal highway is concerned, present top priority is being given to construction of the new, two-lane section from Ocean Springs to the Alabama line, except the portion involved in the Pascagoula toll bridge complex. About 25 miles of paving is involved.

Another project on the same road, he added, is the paving of a two-lane strip of U. S. 90 through Biloxi.

The engineer said some \$2 million has been, or will be, spent on the "must" portions of the artery.

"We are aware of the growing load of traffic on No. 90 from Bay St. Louis to the Louisiana line," Harris stated. "But in view of the financial situation, there is nothing the department can do at present."

The engineer said that a traffic count station has been set up on the highway about half way from Bay St. Louis to the Louisiana line. It tabulated the average Sunday traffic at 6693 vehicles during the year 1952, well above the state average for mainline two-lane highways, according to Harris.

Sub-District Tourney Feb. 4 - 6

In a meeting last night at Wiggins, Miss., representatives from the Southeast district basketball teams choose the sites and dates of the sub-district and sub-regional tournaments to be held in February.

The sub-district tournament will be composed of class B and BB teams. The teams comprising this division will be both the boys and girls teams from Pass Christian, St. Joseph of Pass Christian, Long Beach, Sellers, Kiln, Dedaux and the girls team from St. Joseph of Bay St. Louis. This tournament is set for the week of Feb. 4-6.

The sub-regional tournaments consist of teams of class A and AA caliber. This will include the boys and girls team from Bay High, Piquette, Poplarville and the boys team from St. Stanislaus. The sub-district will be held in the Pass High gym. The sub-regional will be played in Piquette High School gym.

The date and site of the regional tournament has not been set.

Voters League Board Meeting Set Monday

The January meeting of the board of the Bay St. Louis League of Women Voters will be concerned with plans for the general meeting and registration and poll tax campaign, it was announced by Mrs. E. C. Smauel. The meeting will be held at 10 a. m. Monday, January 18 at the Hancock County Library.

Immediately following the board meeting there will be a study group. Mrs. C. C. McDonald will lead a discussion of the third section of the state constitution. This meeting is open to the public. Everyone who is interested in the workings of the state will find the discussion interesting and beneficial. Mrs. Samuel said. The group meeting will start promptly at ten-thirty.

The finance drive of the League reached a successful conclusion, it was added. The chairman of the drive expressed thanks to those friends and supporters of the League who gave so generously.

John Caldwell Dies Here

John Dimitri Caldwell, who was born in Bay St. Louis in 1865, and had returned to the city recently following an absence of 50 years, died at Kings Daughters Hospital Sunday.

Mr. Caldwell had been ill for several weeks.

The deceased was the son of Catherine E. and George Caldwell. For 50 years he was superintendent of the gas division of the Carolina Light and Power Company. Four years ago he retired and returned with his wife to Bay St. Louis.

Burial took place Monday at the Masonic cemetery in New Orleans. Mr. Caldwell was a member of Masonic Lodge 144 P. and A. M. Funeral services were held at Christ Episcopal Church here, the Rev. C. R. Johnson officiating.

Mrs. Caldwell, the former Miss Marion Wiggins, survives her husband. Also surviving are three sons, John Caldwell of Long Beach and New Orleans; Harry Caldwell of Raleigh, N. C., and George Caldwell of Chapel Hill, N. C. A brother, Frank Caldwell, is residing in New Orleans.

PTA Open House Set

It was announced by S. J. Ingram at the Tuesday night meeting of the Bay High P.T.A. that an open house will be held, probably within a week, at the almost complete Bay High School addition.

The new building, which is across the street from Bay High, will be opened to the public for inspection following an announcement due in a few days, Ingram said.

The P.T.A. gathering was taken up otherwise with a report on the progress of carnival plans by Mrs. George Horton and a panel discussion on building healthy personalities in school children. Members of the panel were Dr. Jesse Sewell, Mrs. Walter Rausch, Dr. W. P. Henderson, Mrs. A. Groag and Coaches Bennie Ray Nobles, Robert Ladner, and Donald Caldwell.

On February 8th, it was announced, a film will be shown here on Girls State.

The second, third and 10th grades won the room count for the meeting.

Holy Name Induction Is Scheduled

Induction ceremonies for new members of the Holy Name Society of Our Lady of the Gulf Church will be held beginning with the 7:30 p. m. Novena services in church.

Members will form at the SJA Convent basement at 7:15 p. m. for church procession. Immediately following ceremonies in church a reception for new members will be given at the SJA convent auditorium.

Families of members and the public are invited to attend.

Little Theatre Memberships Now On Sale

Memberships in the Bay St. Louis Little Theatre for the 1954 season are on sale, it was announced this week by Robert Scharff, newly elected business manager of the group.

The memberships, which cost five dollars, entitle holders to see all the shows produced by the theatre during the coming season. A membership also is a share of stock in the theatre corporation and allows the owner to share any benefits or assets of the theatre during the year.

"The continued growth of this civic improvement in the community, the support and enthusiasm given it by the people is proof of the need for such an organization," Mr. Scharff said.

Mrs. Shaffer Wins Camellia Show Prize

Mrs. Tom Shaffer was winner of the sweepstake at the Annual Bay-Waveland garden club camellia show Thursday.

Mrs. Shaffer also received first prize for arrangement of her flowers in the show class.

Other winners of the competition were Mrs. W. Horace Williams in horticulture and in the junior class, Dale Russell, Rusty Breath and Carol Horton.

Judges were Mrs. M. G. Ness, Mrs. Emery Sadler and Mrs. B. B. O'Mara, all of Biloxi.

40 Minute Service By Blood Bank

A new record for fast operation was credited to the Hancock County blood bank Jan. 3, when 40 minutes after a call for blood donors came from memorial hospital in Gulfport, the request was filled.

Mrs. Joe Asher was the patient for whom the donors were needed, John D. Rutherford Jr., president of the blood bank said.

"The effectiveness of the blood bank is limited," he added, "and will remain limited until we are able to obtain more names on our master list. Citizens are urged to join this service to save lives. Don't wait for an emergency."

Persons holding credited blood donor cards may register with George Heitmann at the Court-house. Those who do not know their blood type can obtain this information free at the Kings Daughters and Sons hospital.

Merry-Go-Round In Front Of New Bay Family

Would you like to have a merry-go-round in your front yard?

At the risk of starting a riot known that the Frankmans have just that. They have a kiddy car ride, just in case in a carnival. The four children like all this just as much as the adults.

Shermans moved to Bay St. Louis from Chicago about six months ago. They purchased a lot about two miles west of the Bay St. Louis bridge (between two prairie shops) and set up a merry-go-round.

These were the merry-go-round kiddy car ride and a booth where folks can pay to let the kids have a ride after noon (or any other afternoon) of fun.

Equipment was part of that Mr. Sherman's father when he was a child.

The children, both girls, whom who knew the amusement park for child-

horses on merry-go-rounds. He also makes figurines and paints them.

The family, with the help of Mrs. Sherman's mother, Mrs. Katherine Portenza, has been sitting out a spell of bad weather which has prevented them starting the children's amusements. But last weekend, they pulled the wraps off the rides and Mrs. Sherman concocted some cotton candy and they officially opened their new place of business.

Mrs. Portenza says she will return to Chicago soon, since she planned to remain only through Christmas to help her children and grandchildren get started.

"Every pretty weekend day after this, they will be open," she said. "The children can ride for ten cents, and if the mothers want to ride, too, the adult price is 14 cents."

The Sherman children like to help run the business. Three of them are in school here and the youngest is looking forward to more pretty days with the pop corn, and snow cones and cotton candy.

St. Rose Seeks \$30,000 For Center

St. Rose De Lima will sponsor a drive between Jan. 17 and the end of the month for both funds and contributions of free labor to build its proposed Community Center.

The Center will consist of both a building and a park so that the colored people of all ages will be able to enjoy the recreation facilities it will offer. The building which will be 180 ft. will contain a basketball court, which will be used also as a skating rink and a dance floor. There will be a pool room and bowling alleys for the older men, and a Youth Center for the Teen-Agers. The grounds will be fixed for night softball and tennis.

Father Norek who is assistant pastor of St. Rose is in charge of this project. He said, "there is a great need for a Center of this sort for it will give the kids an opportunity to have a place where they can always go to enjoy themselves." Father Norek also pointed out that this undertaking will be done by the community.

The aim of this drive will be for \$25,000 to \$30,000. The funds which are collected will be used for the buying of material only. Father Norek asks that each give as much as he can for this worthy cause. He said, "The building will pay for itself in the future, through the different sports and other activities that will be held in the Center."

David Team to Play Here

The World famous House of David basketball team will make its appearance here at the Bay High gymnasium, Jan. 26 when they meet the Poplarville Junior College team.

di Gras Made

A group of interested persons are meeting Friday afternoon at the home of Mrs. George S. P-T. A. Mardi Gras.

They were outlined by the members of the Float Committee, for the elimination of congestion and procedure of the parade route.

All businesses may join to sponsor a classroom for the grammar grades at Bay work with their teachers, progress of the planning of materials and decorating.

Members of the Subscription Committee will contact business men for their assistance towards the completion of this enterprise, has continued for seven months.

Bob Hamilton of the Hancock Bank, who has been the sponsor of this affair since its inception, can give information of the committee functions.

By-The-Sea Sold Developer

Age at the famed Inn-by-the-Sea in Henderson Point was sold last week to a New Orleans developer. The land sold, by Louise Rhea Baxter, is located south toward the gulf.

It also revealed that a contract was made with the Marine Corps to re-activate the base.

Mr. Leary, Pass Christian real estate broker, announced the sale and he could not reveal the price of the buyer nor his price.

Merchant Marine base itself involved. The land sold, by Louise Rhea Baxter, is located south toward the gulf.

More March Of Dimes Workers Are Needed

More than 25 volunteers of Hancock County today joined with workers in every other county in the United States and its territories in launching the 1954 March of Dimes.

Pointing out that the slogan of the volunteer enrollment program —Two For One—had resulted in the largest army of polio-fighting fund raisers in the history of the March of Dimes in Hancock County, Mrs. Theo Tudury, county campaign director, said. Many more were needed if the drive was to be pushed into every hamlet and rural home in the county.

It looks as if everyone is in the polio prevention fight this year," She emphasized, however, that more of everything is needed this year.

With its trend-setting advances... Ford's worth even more for '54

STYLE DIVIDEND

3 New Body Styles... 26 models

Ford offers you three brand new body styles in its line of newly created models. There's a new transparent-roofed Crestline Skyliner... a sparkling new Crestline Fordor... and a smart new Customline Ranch Wagon. There are 26 models in all, for each of Ford's 14 body styles is available with the new Y-block V-8 or the new I-block Six engine.

New Astra-Dial Control Panel

It's designed both for beauty and practicality. The speedometer is placed high on the panel where you can quickly spot the figures almost without taking your eyes off the road. Like the '54 Ford's beautiful new upholstery and trim, the Astra-Dial Control Panel is color-harmonized with the sparkling new outside body color of your choice.

It's the Dividends that make it Worth More

PERFORMANCE DIVIDEND

New 130-h.p. Y-BLOCK V-8

An extra-deep skirt extending below crankshaft gives greater rigidity for smoother, quieter operation, longer engine life. Free-turning overhead valves, low-friction design, Double-Deck intake manifold and high-turbulence combustion chambers give brilliant new responsiveness... 18% more power, greater economy.

PERFORMANCE DIVIDEND

New 115-h.p. I-BLOCK SIX

This new Six has an extra-deep block for greater rigidity, smoother, quieter performance, longer engine life. Free-turning overhead valves, high-turbulence combustion chambers, low-friction design and Ford's Automatic Power Pilot help produce 14% more power with finer performance on even less gas.

RIDE DIVIDEND

New Ball-Joint Front Suspension

This revolutionary new suspension is the greatest chassis advance in 20 years... and it's exclusive to Ford in its field. It gives front wheels greater up and down travel to smooth out the going on rough roads. And it helps keep the wheels in true alignment for consistently easy handling. Movement of the wheels is on ball joints whether up and down, as wheels travel over rough spots, or in steering as wheels turn right or left. Ball joints are sealed against dirt and water.

Mrs. J. F. Epperson, the Pass Christian Garden Club's horticulturist, advises that Hydrangeas, Crepe Myrtle and Butterfly bush should be cut back a third to a half this month. Bush Roses should be pruned before Feb. 15.

Benjamin Morrison gave a talk on gardens in the Gulf Coast area at the club's January 7 meeting.

Mr. Morrison spoke of the long summers and short winters with the abundance of sunshine during the year and also of the beauti- ful trees, all of which should be utilized in beautifying our gardens.

Legion Urges Tax Payment

The American Legion Post 139 here has urged this week that all citizens protect the right to vote by paying the poll tax, due this month.

Commodore Lucien Kidd of the post said: "As members of one of the leading organizations in the community, legionnaires should not only pay poll tax but should actively urge all qualified citizens to do the same."

It was also suggested that shrubs and flowers which grow where the climate and terrain are comparable to this area should be used to improve our gardens and insure successful growth.

Maison Blanche of New Orleans congratulates Clay Blair, jr. on his first and brilliant book

The ATOMIC SUBMARINE and ADMIRAL RICKOVER

This is indeed an extraordinary book, an exciting story of the first new military weapon since the Monitor and the Merrimac... from the birth of the idea to the completed ship.. It tells of the men responsible for it, the difficulties they encountered; of how the atomic power plant will work and how the first atomic sub- marine will look. PLUS the fascinating story of ADMIRAL RICKOVER, the guiding genius of the project!

On Industry

Phillips' announcement last week about a woolen mill being interested in Bay St. Louis has stirred considerable interest. However, this will be still a long way from here. To get it, Bay St. Louis must compete with a good number of other Mississippi communities. It will, as we said recently, have to put up more important, it must show it can supply the labor. Actually, if there are forces interested in enticing industry to Bay St. Louis, they must first arm themselves with these things: Accurate, up-to-date statistics showing the labor available in the community. Evidence that the county and city will grant tax concessions. Transportation facilities. An industrialist will talk to you unless you can supply him with it. So perhaps the first step should be a labor census of the city.

Four Lanes Needed

There's no doubt that the highway to New Orleans is half the should be. The state highway department concedes that the highway is much more than normal for two lanes. It holds out little hope for the immediate future. The highway department already is committed to four-laning Highway 90 from Biloxi to Pascagoula. And we must that's heavily traveled territory, too. It, once this is completed, there's no doubt what should be the four-lane stretch in Mississippi. And it will be up to Louisiana to lane it's area from the state line to the four-lane entry to Orleans.

Top Reading

This week sees the publication of a book by Clay Blair, a local Normally, this would be exciting enough. But the content of the book makes it must reading for every American. Democracy thrives on participation. When the people get bored, democracy dies. And in Clay Blair's book about Admiral Rickover you can get the dangers of bureaucracy—and the that come when public opinion is aroused. The book is "The Submarine and Admiral Rickover."

LETTERS

To the Editor

Dear Sir:

I've received gifts from organizations all over but it looks like Bay St. Louis is far behind. Why? Does the organizations in Bay St. Louis know that the other towns around here are far ahead of them. They should be for I know some fine people in the Legion - Auxiliary and other organizations. They could do the same for the patients here as the rest. How about getting on the ball and trying to do something for the men here. Don't lag behind. We have Bay St. Louis men here too. A few cigarettes, some gum, candy, tobacco and small items would sure be appreciated by the people of Bay St. Louis. Let's see the people there wake up and try and show these veterans that they will do their part too.

A Bay St. Louis Veteran.
 Cedric Heitzmann

Dear Sir,

I am in the U. S. Army, here in Camp Gordon, Ga. I received your paper Monday and want to say thanks again for sending it to me.

I was reading an article in the paper titled "In Which Direction?" I certainly think the people of Bay St. Louis and Hancock County should decide in which di-

rection it is to go. If they would just wake up and take a good look around them to see what the neighboring towns are doing.

Every job to be had that is of any value, one must either go to New Orleans, (like I have done since 1948), or Biloxi, Gulfport, Piquette, or some other place.

I myself don't think Hancock County will ever make a move in any direction. As for a resort town that is out because we have no piers or sand beaches. It just wouldn't make sense for one to stop in the Bay when they can drive a couple more miles to a very fine beach or on to Biloxi where one on a vacation can really enjoy themselves.

And if they are looking for industry, and work, it certainly can be found in Gulfport or Biloxi. I hope the county gets wise and give industry a break, give them free water and exempt them from taxes for a few years. We have nothing to lose and everything in the world to gain. As for help if the right business comes in, we will help.

If they want to be a resort town, then it has to be an open town. Night clubs, Slot Machines. And get rid of some of those uneducated police that try to pull fast ones on our visitors. These people aren't fools.

I have lived and worked in New Orleans for the past five years, and the police there don't give out of towners a rough time. I hope when my three years

Signs of our times. A large sign stretched across the front of a fraternity house on Broadway in the Tulane University - New Orleans neighborhood in New Orleans read:

WE HATE WOMEN

Three smaller signs - We can't make it this week. Don't complain, girls, you've had it. No holding hands this week.

Why this sudden women hating business? Mid-terms exams next week. The boys have got to study this week or bust.

The Ballard home has been a part of the life of Bay St. Louis for the activities of several generations. For the last few years no member of the family has lived in the house which has been rented, particularly in the summer months, to friends from New Orleans.

It is with great pleasure to all the family acquaintances to know that Bill and Caroline Ballard Argus are now making their home in the old home. Bill's business includes travel but Caroline and the two boys, Billy, Jr., and Ballard will be here at all times.

This means that other Ballards will return and among recent visitors have been Charles and Ruth Ballard Seaman and their two children from New Orleans and Marshall and Eleanor Ballard and their children from Lumberton, Miss.

Charles and Ibsey Gremillion are busy planting. Looking around for pretty camellias and seriously considering white and pink sa-sanguas. Their home is the old Umbach house. Lots of trees on the place so planting is a problem.

Doctor Allgeyer and Becky are down in Miami, Florida, to attend a medical convention and renew old friendships with doctors and

Thomas and Beverly. Thomas is a student at Tulane University in New Orleans and Beverly is a student at the Tulane University in New Orleans. They will leave soon to go back to Washington and will go to New York, Cleveland, Chicago and Detroit before coming back to New Orleans and the Coast.

They have new plans for the coming year. The whole rear section of their big place, that fronts on the beach, is being cleared and they are going to put in all kinds of citrus fruit. They have experimented in a smaller way and have been so successful particularly in grapefruit, that they are ready for production on a large scale.

Mildred Devlin, Bessie Chipley and Tom Devlin at the Cabin last week end. Mildred and Bessie had not been over for several weeks but Tom has been working on the fig trees and the lovely azaleas.

Four pretty girls went to Europe together and had a grand time. This week, these same pretty girls have their rings and are discussing plans at a week end house party at the Leo Seals. Virginia Seal, Marion Hodges, Helen Rapier and Elaine Parker are blissfully floating on pink clouds and discussing trousseaux, wedding plans, house plans, etc. Saturday night four young men will arrive and the plans and discussions will get bigger and better.

The Queen of the Twelfth Night Revelers Ball in New Orleans was Isabelle Nott, daughter of Mr. and Mrs. William Nott, who often visit the family home of the Notts, Hillerys and Swoops at the Bay. One of the pretty train bearers to the Queen was Sallie Evans, daughter of Hugh and Sidonie Evans, who also have a lovely

home at the Bay and spend most of their summers there.

Before the ball was quite over Hugh and Sidonie rushed Sallie to the airport and put her on the 11:30 plane. Next morning they were fast asleep and the phone rang. It was 7:30 a. m. and Sallie was on the phone to let them know that she was back at school in Manhattanville College in New York.

Hold Joint Meeting
At the January joint meeting of Our Lady of the Gulf Altar Society and St. Margaret's Daughters minutes of the previous meeting were read and reports given.

Mrs. V. J. Piazza, president of St. Margaret's Daughters, stated that five needy families were sent baskets of food and three families were given clothes during the month.

Mrs. Alden Mauffray, president of the Altar Society, discussed a Pan Cake Supper to be sponsored by the organization.

An interesting report on the Christmas party given for the Veterans of the Gulfport V. A. Hospital, at the hospital, was read.

The Altar Society membership drive started the first of January. It was decided that members will be at the entrance of the church before and after masses on Sunday to distribute envelopes, thus assisting the ladies who will make the door-to-door canvass.

Father Hugh Taylor gave a brief talk to the ladies.

Mrs. Alden Mauffray was hostess for this first - 954 meeting.

Mrs. May Beyer and Mrs. Charles Bouis will be co-hostesses at the February meeting.

Tess Cragar, Robert Tallant Library's Guests

The first in a spring series of three book reviews will be held at the Memorial Library Jan. 27.

For its opening review the library has planned a double treat for its friends—as speaker, Tess Cragar of New Orleans Literary circles, and a guest of honor, New Orleans author Robert Tallant, whose books Mrs. Cragar will discuss.

It was in 1952 that Bob Tallant published his first short story, and since then his writing has been prolific and amazingly diversified. Like actors who refuse to allow themselves to be typed in a certain sort of role, he has written in a wide range of form and subject matter—short stories, magazine articles, humorous novels, books on New Orleans from Voodoo and murder trials to Garden District salons, serious sociological studies, and even children's books.

Among his books are listed such well-known titles as Reary to Hang, Voodoo in New Orleans, A State in Mimosa, Mardi Gras, Mrs. Candy's Saturday Night, Southern Territory, Mr. Preen's Salon, Angel in the Wardrobe, The Romantic New Orleans and Lafitte the Pirate.

Mrs. Cragar, owner of the Basement Bookshop in New Orleans and literary agent for many authors including Mr. Tallant, will speak briefly on the above books and review in particular the just-published "Love and Mrs. Candy." Refreshments and an opportunity to meet and chat with Mrs. Cragar and Mr. Tallant will follow.

Proceeds from the review will be used toward retirement of the mortgage on the new library building.

Stanislaus Drops Further To Kill

After having been forced into two overtime periods, Kiln boys took control of the court and managed to edge out a 43-38 victory over the St. Stanislaus Rocks Tuesday. This decision was Kiln's 14th win of the season.

High scorer for the night was the Rocks' Ernesto Aldape with 15 points. For the losers he was followed by Tom Schafer who had 9 points and Louis Ladner who had 5.

For the Kiln team Louis Garriga was the most outstanding player with 14 points. He also recovered the greater number of rebounds

throughout the night.

At the end of the fourth quarter the score was tied 28-28, and at the conclusion of the first overtime period the score remained tied 36-36. But when the Wildcats began to hit from all angles and pulled away to register a victory.

The Rocks were outplayed in the first half having only a 16 per cent average on their shots from the field, whereas the Kiln had 21 per cent average, but in the second half the tide changed and Stanislaus hit with an exceptional 58 per cent from the field on their shots, while they held the Kiln down to a 46 per cent.

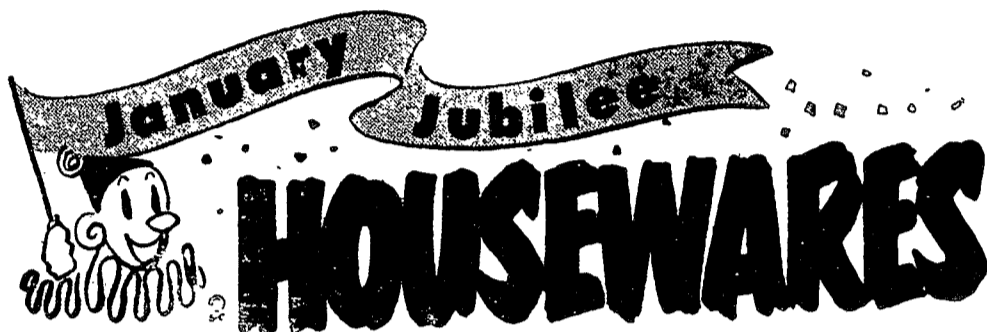

St. Stanislaus next games will be in the Pass Christian tournament starting Thursday night.

Earlier in the week the Kiln boys defeated the Agricola Panthers by the score of 68-49. Royce Shiyout and Larry Ladner shared scoring honors with 18 points each.

detto large speckles was being caught in Bayou Caddy, by trolling up to last Saturday. He and Pete Caruso made a nice catch.

Practically the hunting season is over with the exception of quail and rabbits. There will be plenty of duck, as usual, now that the season is closed, out in front of the Bay picking up ballast for their trip back north.

The temptation is great to shoot these ducks (out of season) but the fine and punishment is greater. Better watch out!

Earle Kirkpatrick says that now that he has plenty of time on his hands he is going to do some real fishing—green trout especially.

According to the weatherman there should be some good fishing weather in the near future. About time, even our tackle is beginning to mildew. Better check up, oil up and fill up that old tackle box—you'll be needing it.

Persistency! Leo Choina and his buddy went out floundering one night last week. Leo said "he saw some beds, but no flounders." They must be feeding in the day time. Won't be long now before we will be after them!

Soft crabbing usually gets good around March and April.

Randolph Wins

Terral Randolph, senior at Bay High, boxed last week in the Senior Bowl Boxing matches in Mobile, Ala.

He won a unanimous decision over Johnny Stolk, paratrooper from Fort Benning, Ga. Terral had Stolk down for the count of nine in the second round, but could not apply the finishing touches. He will fight again in the Golden Gloves at Pascagoula, on Feb. 4, 5 and 6.

SJA Basketball

Team Wins

St. Joseph Academy girls team of Bay St. Louis won 1 game and tied one this week.

In their first game of this week, the sextet from the Academy tied a strong representation from St. Joseph of Pass Christian, the score ending 38-38. Carolyn Curet was high scorer for the local team with 17 points to her credit. Pattie Coula varetta followed with 11 points. For the visitors Mildred Logan was high scorer for the night with 6 field goals and 15 foul shots for a total of 27 points.

In their second game the Gold Jays journeyed to the Kiln and defeated the Wildcats by the score of 40-35.

Bay High

Takes Two

Bay High way a doubleheader from St. Joseph of Pass Christian Monday night. Both the boys and girls won their game. The boys defeated St. Joseph by 48-36. High point maker in this game was Donald Cole of the Tigers, with 13 points. Blockman Holden and Moran displayed the best court work and aggressiveness on the rebounds for the local team.

The girls game was a very slow and low scoring affair, 22-14, ending 22-14. The guards of both teams played excellent ball as the score indicates. The forwards were practically stopped throughout all the game.

Bay High's next game will be in the Picayune tournament which begins tonight. They play Industrial in their opening game.
